Our Purpose: To assist children and young adults to become more aware of social norms and practices to independently handle social situations.

The **SPEAK** program is a dynamic and exciting program led by a **Speech Pathologist** and a **Behaviorist** who use their expertise and your child's areas of need to create and adjust the overall program. Through various activities and situations, your children will learn the importance of social skills and the tools needed to navigate the social world.

Age Groups: Each group meets once per week for an hour and includes:

| Group 2 “Juniors” | 3 rd -5 th grades |
| Group 3 “Seniors” | 6 th -9 th grades |

The **SPEAK** curriculum balances fun role playing situations with written exercises and note taking so your child can create their own reference manual for use in outside situations.
